Cancer of the Nose. Cancer of the Nose. In 1875 a sore appeared on my nose, and grew rapidly. As my father had cancer, and my husband died of it, I became alarmed, and consulted my physician. His treatment did no good, and the sore grew larger and worse in every way, until I hadconcluded that I was to die from its effects. I was persuaded to take S. S. S., and a few bottles cured me. This was after all the doctors and other medicines had failed. I have had no return of the cancer.
